Dear Mr. Costello:

Thank you for your continued interest in the NL Industries/Taracorp Superfund Site, Granite City, IL.

I have enclosed a copy of the Explanation of Significant Differences document for your files. This document outlines a change in the disposal of battery case materials and associated soils. The change will allow for off-site disposal of the battery case material in a landfill that is permitted to accept such material.

If you have any questions pertaining to this document or any other facets of the Taracorp site, please feel free to contact Congressional Liaison Mary Canavan at (312) 353-3018.

Sincerely,

Susan Pastor,
